U.S. PATENT &  
TRADEMARK OFFICE  
MARCH 23 1995

Sir:

In response to the Office Action mailed March 9, 1995 (Paper No. 2) in the above captioned matter, the period for response which has been extended to September 9, 1995 by filing a petition for extension of time and fee, please enter the following amendment:

In the Claims

Please cancel claim 3 and amend claims 2, 4 and 5 as follows:

2. (Amended) A communication system comprising:

an authorization equipment;  
a base station having a processor;  
a wireline network having caller identification and connected to said base station, the connection having an associated telephone number;

*A*  
said base station [control means] processor initiating a call to said authorization equipment; and

said authorization equipment receiving said telephone number via caller identification and determining if said telephone number is in an acceptable range and terminating the communication session if the telephone number is not in an acceptable range.
